Notice Concerning the Results of GRESB Real Estate Assessment:  
Acquired the “Five Stars” for Five Consecutive Years

Activia Properties Inc. (“API”) announces that in the 2022 GRESB Real Estate Assessment, it was awarded the highest “Five Stars” for five consecutive years in GRESB rating which is based on GRESB Overall Score and its quintile position relative to global participants. API acquired also a “Green Star” designation for nine consecutive years by achieving high evaluation both in organizational structure and actual performance and measures.

API received as well the highest “A Level” for the GRESB Public Disclosure which assesses the width of ESG disclosure and ranked top among the listed Japanese real estate companies and funds of which one of the principal investment assets are offices.

## 1. About GRESB Assessment

GRESB is an annual benchmarking assessment to measure ESG (Environmental, Social and Governance) integration of real estate companies and funds, and the term also refers to the organization which runs the

assessment. It was founded in 2009 by a group of major European pension funds who played leading roles in launching Principles for Responsible Investment (PRI). Currently, 170 Investor Members use GRESB data for their investment decision-making and engagement with investees, and several institutions from Japan including Government Pension Investment Fund (GPIF) utilize GRESB Assessment results. In 2022, 1,820 listed or private real estate companies/funds participated in GRESB Real Estate Assessment. The Association for Real Estate Securitization (ARES), Japan Real Estate Institute (JREI) and Japan Sustainable Building Consortium (JSBC) cooperate to promote the GRESB Assessment in Japan as its official Industry Partners.

## 2. Future measures

API, in cooperation with TLC REIT Management Inc., which API entrusts its asset management operations, have been working to maintain and improve its sustainability performance through different approaches such as promotion of environment-friendly and energy-saving measures in the properties, establishment of appropriate governance structure, and development of engagement with our stakeholders including tenants.

Also, to enhance disclosure practices of those initiatives, API issues sustainability reports since 2021.

In accordance with the Sustainability Policies established by TRM with aim to contribute to the development of a sustainable society, we will further promote our efforts to sustainability taking measures in collaboration with PM companies and other external stakeholders, etc.

Please refer to the webpage below for our sustainability initiatives:
