Notice of the Conclusion of a Loan Agreement based on "SDGs Promotion Syndicated Loan"

JP Lease Products & Services Co., Ltd. (JLPS), which is a 100% subsidiary of our company, has concluded a syndicated loan contract based on "SDGs Promotion Syndicated Loan" with Sumitomo Mitsui Banking Corporation (SMBC) serving as an arranger.

1. About "SDGs Promotion Syndicated Loan"

"SDGs promotion syndicated loan" is a loan product for which SMBC and The Japan Research Institute, Limited (JRI) check each enterprise's current initiatives for attaining SDGs, analyze the logic of helping attain SDGs through their core business, and give a proposal for activities for achieving SDGs, when executing the syndicated loan.

2. JPLS's SDGs assessment results

JRI assessed the initiatives of our subsidiary JLPS for attaining SDGs through its core business. As a result, it was concluded that JLPS is expected to help attain SDGs, because its "policy and goals" and "plans" for helping achieve SDGs are at a sufficient level.

Evaluated businesses Evaluation points that help attain SDGs Target **SDGs** Arrangement of lease of aircraft, mainly used ones. The lease, conversion, and Target 12 Part Out Business, in which we sell recyclable parts, part out businesses of used Responsible such as aircraft engines, after their lease periods. aircraft facilitate consumption and Conversion Business, which converts passenger recycling of aircraft and production airplanes into cargo aircraft after their lease periods. engine parts, contributing to the reduction of industrial waste. Part Out Business Conversion Business The business of operating and managing 25 power Contributing to the increase Target 7 of supply of electric power plants with a total output of 71.3 MW as the JIA Affordable and Group, while creating the solar power generation through the solar power clean energy fund of JLPS and selling their equities. generation business. In order to utilize the knowledge nurtured in the solar Through the realization of power generation business, JIA Group participates in biomass energy project and projects for developing business with new renewable the biogas cogeneration energy in cooperation with TUAT and venture firms. project, the output of electric renewable power from is expected to energy increase further. The weeds around solar panels are removed by pastured sheep.

3. Regarding the utilization of a syndicated loan contract

SDGs composed of 17 goals and 169 targets, which are common issues of the international society, were adopted at the U.N. General Assembly in September 2015. Accordingly, people put importance on corporate activities for attaining SDGs.

JLPS will utilize the syndicated loan based on "SDGs promotion syndicated loan" to procure funds for Operating Lease Business until the silent partnership's funds are transferred to investors.

With the corporate group's ethos "Always be a company contributing to society by offering financial services," we will operate business and create value while keeping SDGs in mind, in cooperation with all stakeholders.
