1.Overview

Monthly sales at directly managed stores in August 2024 were 89.5% YoY for all stores and 87.1% for existing stores.

In August, we continued to roll out new products for the 2024 fall-winter collection, but in addition to the ongoing heat wave since July, an announcement of the Nankai Trough Earthquake Extra Information (mega-thrust earthquake alert) was released in early August. Then, from mid to late August, typhoons No. 7 and No. 10 hit Japan one after the other, causing some stores to be shortened business hours or temporarily closed. The combined negative impacts mentioned above led to a decrease in the number of store visitors, resulting in a year-on-year decline in all sales channels.

In September, we will continue to introduce new products for the 2024 fall-winter collection, reopen the Daimaru Shinsaibashi store, our key store in the Kansai region, after renovation on September 20

(scheduled), and actively expand pop-up store openings in various locations, including the Gotemba Premium Outlets and Daimaru Kobe store, to continue strengthening sales.
