Notice Concerning Investment in “Green Bonds” Issued by Nagano Prefecture

HOKUTO CORPORATION (the “Company”) hereby announces that it has decided to invest in Nagano Prefecture-issued Green Bonds (hereinafter referred to as the “Bonds”).

“Green Bonds” are issued to finance projects that represent positive steps toward climate change mitigation and adaptation to climate change, and investment in Green Bonds is considered as ESG⁽¹⁾ investment. The Bonds have been verified by the Japan Credit Rating Agency, Ltd. as conforming with the “Green Bond Principles 2021” defined by the International Capital Market Association (ICMA) and “Ministry of the Environment Green Bond Guidelines 2022,” obtaining the highest rating of “Green 1.”

The funds raised through the issuance of the Bonds will be used for environmental measures in the table below implemented by Nagano Prefecture to achieve virtually zero carbon dioxide (CO₂) emissions by 2050 (mitigation) and to avoid/mitigate damage caused by natural disasters resulting from climate change (adaptation).

Going forward, the Company plans to fulfill its social responsibility through continually implementing ESG investment in Green Bonds, Social Bonds and other similar bonds, including the Bonds.
