(Head Office: Osaka city and Iida city, CEO: Hirotaka Kinoshita), have been awarded the 6th Japan Childcare Support Award 2025 by the Japan Child & Family-Support Association.

► Reasons for winning the grand prize

Koya-Tofu, which is rich in nutrients essential for children's growth, was evaluated as 'supporting families with children' because it can be easily incorporated into everyday life and because it has 95% less salt than regular Koya-Tofu, which is a 'health-promoting initiative.'

Shin Asahi Powdered Tofu is easy to incorporate into baby food and toddler meals.

Shin Asahi Sliced Tofu is ideal for time-saving cooking as it does not need to be rehydrated and can be cooked in the microwave.

We will continue to deliver a variety of products tailored to people's stages of growth and lifestyles so that they can be used more easily and conveniently.
