I. Amendment to the Tender Offeror Press Release Dated May 8, 2025

The Tender Offeror Press Release Dated May 8, 2025 is amended as below. Amended portions are underlined.

1. Purpose, etc. of the Tender Offer

(1) Outline of the Tender Offer

(Before Amendment)

(Omitted)

On August 21, 2025, the Tender Offeror has decided to change the Tender Offer Price from 6,200 yen to 6,635 yen after considering the following reasons: (i) the MINEBEA MITSUMI Change in the Tender Offer Conditions (defined below), (ii) according to the Target Company’s announcement on August 14, 2025 of “Notice Regarding Partial Changes to “Notice Regarding Expression of Opinion in Support of the Tender Offer for the Company Shares by Minebea Mitsumi, Inc. and Recommendation to Tender Shares” Dated May 1, 2025 Change” (the “Target Company’s Expression of Opinion Press Release”), the board of the Target Company has resolved to express its support for the MINEBEA MITSUMI Tender Offer, while leaving it to the shareholders of the Target Company to decide whether or not to tender their shares in the MINEBEA MITSUMI Tender Offer, and as of August 21, 2025, there has been no change from its previous opinion that it withhold expressing an opinion on the Tender Offer, (iii) deepened mutual understanding of businesses achieved through the meetings held in Tokyo on June 18, 2025, and in Taipei on July 17 and 18 of the same year, as well as the visit from management team of the Target Company to the Tender Offeror’s MLCC and resistor manufacturing facilities in Kaohsiung on August 19, 2025, and (iv) market conditions and other factors.

By May 8, 2025, as the Tender Offeror confirmed that both the Tender Offer Precondition (i) and the Tender Offer Precondition (ii) have been satisfied, and decided to waive the Tender Offer Precondition (iii) using the methods below, on May 8, 2025, the Tender Offeror decided to commence the Tender Offer from May 9, 2025.

(Omitted)

Moreover, the Tender Offer Price (6,635 yen) reflects (x) a premium of, respectively, 111.31%, 109.37%, 106.50%, 104.03%, and 102.66% over the closing price of the Target Company’s Stock on the TSE Standard Market on February 4, 2025, the Business Day immediately prior to the announcement of the scheduled commencement of the Tender Offer (the base date) (3,140 yen), the simple average of the closing prices of the Target Company’s Stock for the past one week (3,169 yen), the simple average of the closing prices of the Target Company’s Stock for the past one month (3,213 yen), the simple average of the closing prices for the past three months (3,252 yen), and the simple average of the closing prices for the past six months (3,274 yen), and as described below in “(2) Tender Offer Prices”, these figures are higher than median premium levels (42.41%, 41.69%, 42.27%, and 42.14%, respectively, over the simple average closing prices for the Business Day immediately prior to the announcement date and the one, three, and six months immediately preceding the announcement date) of 37 cases announced in January through December of 2024 with the purpose of delisting target companies with a PBR (price-to-book ratio) of 1x or more prior to the announcement (provided, however, excluding tender offers of treasury shares and tender offers that have not been consummated as of today), and (y) according to the statistical materials published by

the TSE, as of January 2025, the average PBR of companies in the electrical equipment industry listed on the Standard Market to which the Target Company belongs was 0.8x, and the Tender Offer Price is equivalent to a PBR of 2.7x. As such, the Tender Offeror believes that the Tender Offer Price is a price at which the shareholders of the Target Company will enjoy a significant premium, and the Transaction will contribute to enhancing the common interests of shareholders ((ii) above).

In addition, while the total purchase amount for the Tender Offer is 101,148,803,455 yen (an amount equal to the number of shares to be purchased (15,244,733 shares) multiplied by the Tender Offer Price (6,635 yen)), the Tender Offer is planned to be settled through an investment from YAGEO (if the Tender Offer is successfully consummated, the Tender Offeror is scheduled to receive, by the Business Day immediately prior to the commencement date of settlement for the Tender Offer (the “Settlement Commencement Date”), an investment or financing from YAGEO in the amount equal to the total purchase amount for the Tender Offer plus any applicable fees and expenses). YAGEO has completed the preparation of settlement funds, with a deposit balance of 488,745.60 million yen as of December 31, 2024 (an amount equal to 101,822 million New Taiwan Dollars converted at 4.80 yen per 1 New Taiwan Dollar (as of the same date)). Therefore, we believe the proposal is not one whose feasibility can be reasonably doubted.

(Omitted)

On August 21, 2025, the Tender Offeror has decided to change the Tender Offer Price from 6,200 yen to 6,635 yen after considering the following reasons: (i) the MINEBEA MITSUMI Change in the Tender Offer Conditions, (ii) according to the “Target Company’s Expression of Opinion Press Release”, the board of the Target Company has resolved to express its support for the MINEBEA MITSUMI Tender Offer, while leaving it to the shareholders of the Target Company to decide whether or not to tender their shares in the MINEBEA MITSUMI Tender Offer, and as of August 21, 2025, there has been no change from its previous opinion that it withhold expressing an opinion on the Tender Offer, (iii) deepened mutual understanding of businesses achieved through the meetings held in Tokyo on June 18, 2025, and in Taipei on July 17 and 18 of the same year, as well as the visit from management team of the Target Company to the Tender Offeror’s MLCC and resistor manufacturing facilities in Kaohsiung on August 19, 2025, and (iv) market conditions and other factors.

Furthermore, while the review of the notification filed on June 2, 2025 under Article 27, Paragraph 1 of the Foreign Exchange and Foreign Trade Act has not been completed, the Tender Offeror has been continuing communications with the relevant authorities. As of the submission of the amendment statement for the Change in the Tender Offer Conditions (9), based on advice from Japanese legal counsel, the Tender Offeror expects that it will be able to obtain the necessary approval for the acquisition of the Target Company’s Stock through the Tender Offer by the Tender Offeror by the last day of the Tender Offer Period (including where it has been extended in the future). Even if such approval is not obtained by September 4, 2025, as of the submission of the amendment statement for the Change in the Tender Offer Conditions (9), the Tender Offeror does not plan to withdraw the Tender Offer.
