## Notice of Publication of Sun Frontier Group “Integrated Report 2025”

We hereby announce the publication of the Integrated Report 2025, which consolidates both financial and non-financial information of the Sun Frontier Group.

Since April 2025, our Group has launched the Medium-Term Management Plan 2028. Guided by our long-term vision for FY2035, “Utilize limited resources to fill the world with smiles and excitement! Becoming a corporate group that continues to challenge the creation of future value.”— we are now taking new steps forward.

As a milestone in this journey, we have issued our first Integrated Report. While we have previously communicated our sustainability initiatives through the Sustainability Report, this new report provides a deeper introduction to the philosophy and growth strategies that we have cherished since our founding.

By integrating financial and non-financial information, the report comprehensively outlines our roadmap for enhancing future corporate value. We would be honored if you would take the time to review it.
