Announcement Concerning Differences between GMO Payment Gateway, Inc.'s Non-Consolidated Financial Results for the Fiscal Year 2025 and the Previous Results

Today, GMO Payment Gateway, Inc. (TSE Prime Market: 3769), our consolidated subsidiary, announced the differences between its non-consolidated financial results for the fiscal year 2025 and the previous results.

1. Differences between the actual financial results for the fiscal year 2025 (October 1, 2024, through to September 30, 2025) and the previous results

(Millions of yen, except per share figures)	Net sales	Operating profit	Ordinary profit	Net Profit	Net profit per share
Actual for fiscal year 2024 (A)	37,558	17,660	19,892	14,063	185.42
Actual for fiscal year 2025 (B)	44,566	21,817	29,405	22,117	291.59
Change (B-A)	7,008	4,156	9,512	8,053	
% change	18.7%	23.5%	47.8%	57.3%	

2. Reasons for the Differences

Net sales and operating profit have increased compared to the previous fiscal year because the payment processing business is progressing smoothly due to increased payment processing and transaction volume, which are the indicators of net sales.

Furthermore, in addition to the above, ordinary profit and net profit exceeded the previous year's performance due to an increase in dividend income from consolidated subsidiaries.
