(Correction / Correction of Numerical Data)

Notice Concerning Partial Correction to “Consolidated Financial Results for the Fiscal Year Ended December 31, 2025 [Japanese GAAP]”

V-cube, Inc. (the “Company”) hereby announces that it has partially corrected the “Summary of Consolidated Financial Results for the Fiscal Year Ended December 31, 2025 (Japanese GAAP)” originally disclosed on March 31, 2026. As numerical data has also been corrected, the corrected numerical data will also be transmitted.

1. Contents of and Reasons for the Corrections

As announced in the “Notice Concerning Establishment of Special Investigation Committee” dated April 24, 2026, the Company recorded an extraordinary loss (loss on unidentified expenditures) of 808,434 thousand yen (5.4M USD). This is due to the fact that the Company could not confirm the actual status of the payees and the services provided regarding the amounts paid to four companies as remuneration for consulting services related to capital policy, etc. after the listing of TEN on the NASDAQ in February 2025.

Of this amount, 376,057 thousand yen was previously recorded as operating expenses based on the contract. Consequently, the Company has corrected the operating profit from $\triangle 2,059,100$ thousand yen to $\triangle 1,683,043$ thousand yen, and has also corrected other related numerical data accordingly.

Furthermore, corrections have been made to reflect the contents of the “Notice Concerning Material Weakness in Internal Control Over Financial Reporting to be Disclosed” dated April 30, 2026.

2. Corrected Portions

The corrected portions are indicated by underlines. Due to the extensive nature of the corrections, the full text of the Consolidated Financial Results after the corrections is provided.

(6) Notes to Concern Assumption

1. Events or circumstances that cast significant doubt on the going concern assumption

During the current consolidated fiscal year, the Group recorded an operating loss of 1,683,043 thousand yen and a net loss attributable to owners of the parent of 3,696,528 thousand yen. This was due to a significant decline in the performance of TEN Holdings, Inc., a U.S. consolidated subsidiary, and the recognition of an impairment loss on software, as well as the recognition of an impairment loss on fixed assets resulting from a decline in profitability in the domestic Event DX business. As a result, we have continued to violate the financial covenants attached to certain borrowings since the previous fiscal year. Furthermore, as of the end of the current fiscal year, our net assets stood at negative 1,107,682 thousand yen, placing us in a state of negative equity.

Furthermore, as disclosed in the "Notice Regarding the Establishment of a Special Investigation Committee" dated April 24, 2026, the Company determined that an objective investigation into the series of matters that have come to light was necessary, to be conducted by a Special Investigation Committee composed of external experts independent of the Company and TEN, and established the Special Investigation Committee on April 24, 2026. Furthermore, TEN has also received a subpoena from U.S. authorities regarding its initial public offering (IPO) in February 2025 and is currently under investigation.

The investigation by the Special Investigation Committee and the investigation by U.S. authorities are ongoing. While the results of these investigations could have a material and far-reaching impact on the consolidated financial statements, the specific accounting items, amounts, and notes required to reflect such an impact are not yet clear; therefore, this impact has not been reflected in the consolidated financial statements.

Consequently, our shares have violated the delisting criteria of the stock exchange, and we expect to be delisted in the future. Although this series of events is primarily attributable to the poor performance of our U.S. consolidated subsidiary, TEN Holdings, Inc., we recognize that it will have a significant impact on our creditworthiness and business continuity with respect to customers and business partners in our domestic operations, which account for the majority of our Group's revenue. Therefore, there are events or circumstances that cast significant doubt on the going concern assumption.

2. Measures to Resolve or Improve the Relevant Events or Circumstances

To resolve this situation and stabilize business continuity, the Company will prioritize the implementation of the following measures:

• Divestment of Unprofitable Businesses and Reform of the Revenue Structure

Regarding TEN Holdings, Inc., which is the primary cause of the Group's deteriorating performance, we will decisively proceed with its divestment from the Group through the sale of shares and the recovery of loans, thereby eliminating its negative impact on the performance of our domestic business. Regarding our domestic event DX business, we will aim for early improvement in profitability by implementing further fixed-cost reductions and revenue expansion measures following the impairment charge.

• Capital Strengthening and Delisting through Sponsor Selection

We plan to select a new sponsor and implement capital strengthening measures, such as a third-party allotment of new shares, to reduce interest-bearing debt. Concurrently, by proceeding with the delisting of our shares, we will minimize the impact of delisting and establish a structure that allows us to focus on fundamental business restructuring.

• Maintaining Relationships with Financial Institutions

Regarding borrowings that are in breach of financial covenants, we will explain to all financial institutions our plan to improve our financial position through the aforementioned spin-off of TEN Holdings, Inc. and the reduction of interest-bearing debt via capital strengthening, as well as our

future business plans. We will engage in discussions regarding a grace period for the loss of the benefit of term and continued support.

3. Recognition of Significant Uncertainties and the Reasons Therefor

As described above, the Company is proceeding with the spin-off of TEN Holdings, Inc., the delisting through the selection of a sponsor, and discussions with financial institutions; however, this series of procedures has not yet been completed as of this date. Furthermore, investigations by the Special Investigation Committee and U.S. authorities are ongoing, and the facts and outcomes of these investigations may have a material impact on the feasibility of these measures. Therefore, if these measures do not proceed as anticipated, there is a possibility that they could have a material impact on the Company's ability to continue as a going concern, and as of this date, significant uncertainties regarding the going concern assumption are recognized.

4. Reflection in the Consolidated Financial Statements

Please note that these consolidated financial statements have been prepared on a going concern basis and do not reflect the impact of the significant uncertainty regarding the going concern assumption described above.
